

Bids For New Lansing Office Under 5 Million

LANSING—(AP)—State building division heads at Lansing were happy and slightly flabbergasted today.

It looks as if they can go ahead with construction of the proposed new eight-story state office building near the capitol and still keep within their budget.

The legislature proposed that \$5,000,000 be spent on the project. Low bids yesterday totaled \$4,968,231.

In all recent bid-openings, contractor's estimates have been running well over money on hand sometimes up to several millions in excess of appropriations.

Low bidders for general construction work was the Christman Construction Co., Lansing, at \$2,913,000. Mario-Brans Co., Ironwood, was the low bidder for the mechanical work at \$1,153,700.

Other low bidders, electrical, Lansing Electric Motors, \$594,475; elevators, Haughton Elevator Co., Detroit, \$230,777; refrigerator systems, Chrysler and Koppin, Detroit, \$52,298; refrigerators, Chrysler and Koppin, Detroit, \$11,470; kitchen equipment, Rusland and Sons, Inc., Buffalo, N. Y., \$59,611.

Under present plans, the state highway department, now scattered through a dozen different locations, will be the major occupant with three floors of the building.

Other occupants would include the conservation department, civil service, revenue and employees' retirement divisions.

Hungary Jails Archbishop For 15-Year Term

BUDAPEST, Hungary—(AP)—Roman Catholic Archbishop Jozsef Groesz was convicted today of plotting to overthrow the Communist government of Hungary and was sentenced to 15 years in prison.

One of the other eight defendants tried with the archbishop was sentenced to death. He is Ferenc Vecer, a Paulician monk, who confessed in court that he killed a Russian soldier.

Five others received jail sentences ranging from eight to 14 years.

The archbishop, Hungary's highest ranking Catholic church dignitary since Cardinal Mindszenty was sent to prison for life in a similar trial in 1949, had confessed publicly in court to illegal activities.

No sentences were announced in the cases of two other defendants—Dr. Elajos Pongracz, a Hungarian National who had been employed by the U. S. legation, and Dr. Laszlo Hevey, Pongracz will be tried again by a military court, and the case of Hevey was "separated" from the others, the court announced.

Midland Men Admit Stealing 11 Cattle

MIDLAND, Mich.—(AP)—Clyde Killingbeck, 37, and Roland Plummer, 38, awaited arraignment today in circuit court on a charge of stealing 11 head of cattle.

They waived examination in municipal court here yesterday and were bound over to circuit court under \$500 bond each. Unable to give bond, they were jailed at Bay City.

Sheriff's officers said the men admitted stealing nine heifers and two steers belonging to Alec Berger of North Bradley and Abe Badour of near Midland.

The cattle were traced to St. Louis, Mich., where they had been sold for \$1,436, officers said.

Artillery Hammers Reds Building Up For Korean Attack

By OLEN CLEMENTS
TOKYO—(AP)—Thundering allied artillery today smashed a series of Chinese attacks which Lt. Gen. James A. Van Fleet warned are forerunners of a new Red offensive in Korea.

The United Nations ground commander foresaw no "major thrust immediately." But, he said on a tour of the fighting fronts, "the Chinese appear to be building up for another effort 'to overrun U. N. lines.'"

Neither Van Fleet nor the supreme allied headquarters of Gen. Matthew B. Ridgeway would discuss a Russian cease fire proposal.

Van Fleet said he knew nothing about it.

"Of course, in our hearts, we all want peace," Van Fleet said. "But we won't let up on the enemy."

Sharp fighting flared all across the central front as opposing armies continually probed enemy lines.

Heaviest action was near Kumhwa, where a Red battalion attacked a U. N. division last night. Allied artillery broke up the attack in the early morning hours.

Other attacks followed until daylight. All were smashed.

In the adjoining Kumsong sector, two other Red battalions beat back allied efforts to probe defenses in that Red buildup area.

The Reds are "continuing to defend stubbornly all across the front," Van Fleet commented. "This stubborn defensive attitude shows that they do not want us to go farther north."

And he added, it "could be screening an attack buildup."

On a visit to all three corps in his Eighth Army, Van Fleet reported he found the morale high—unaffected by Red tactics or cease-fire talk.

West Keeps Guard Up For New Soviet Move

By WILLIAM L. RYAN
(By The Associated Press)

If the Soviet Union permits peace to come to Korea—even at the expense of Red China—it will mean principally that the unending war of ideas has entered a new phase. The west will keep its guard up.

There is a growing conviction among observers of Soviet policies today that the Soviet Union is about to make its strategic retreat from Korea, for reasons of its own. To do this, the U. S. S. R. will have to back down from its previous stand.

New Front Coming

The new front may open up shortly thereafter. The way apparently is being paved now.

The west should keep in mind the dictum of Prime Minister Stalin: That tactics must always be subordinate to strategy. It should also keep in mind that the U. S. S. R. is a prisoner of its own rigid pattern of behavior, and thus its moves in the future can almost be charted.

The U. S. S. R. telegraphed its new Korea move as long as a month ago. It became fairly obvious then that the Kremlin was getting ready for a grandstand play much in the manner of the previous retreat which called off the Berlin blockade when all-out war threatened.

A totalitarian government must have its external enemies—in order to impose upon its own country a unity which could not otherwise exist. Fear is the cement which holds the Soviet Union together.

But Korea has dragged on too long for Soviet purposes. The U. S. S. R. can ill afford to strain its own economy any more by contributing to a small war which threatens to blow up into a big one. Thus the tactical retreat today for the strategic advantage of tomorrow.

What is the advantage the Soviet Union seeks?

Unity Irks USSR

With Korea out of the way, the U. S. S. R. apparently plans to turn its biggest guns on Germany and Japan. It may be expected that the campaign will be: A peace treaty with a unified Germany; a peace treaty with Japan in which the U. S. S. R. could participate. The Kremlin also may be expected now to demand a treaty with Austria in which the west would be pressed to make concessions.

In such a move the U. S. S. R. would be on the offensive again.

The Soviet Union wants desperately to break up the western unity exemplified by the North Atlantic treaty. The Kremlin wants to create domestic pressure in the countries of the west to ease off armament expenditures. The Kremlin also wants the Americans out of Europe and out of Japan.

Ann Arbor Bus Upset; 15 Hurt

DETROIT—(AP)—A weaving and wet pavement were blamed today for a bus wreck that injured 15 passengers.

A Detroit-to-Ann Arbor Greyhound bus, carrying 25 passengers, overturned in a rainstorm six miles west of suburban Wayne late yesterday.

The bus driver, Donald S. Clowe, 33, of Ann Arbor, told the sheriff's road patrol he tried to keep from hitting a car that zig-zagged in front of him on the four-lane highway.

The bus toppled on its right side in a ditch after skidding off Michigan Ave. The passengers got out through broken windows and the emergency door.

The bus driver said the motorist in front of him was a boy who appeared to be about 16.

"I yelled at him that he hadn't given me a break and that he didn't know how to drive," Clowe said. Then he said the youth sped away.

Motorists helped take the injured to Wayne County General hospital and Beyer Memorial hospital, Ypsilanti.

Townsend Convention Comes To Detroit; Program Near Crisis

DETROIT—(AP)—The Townsend movement will open its national convention here next Monday with some 4,000 delegates expected to attend.

Dr. Francis E. Townsend, 84, founder of the movement, said the meeting might mark success or failure of the entire program.

"We are in the final phase of a long, long struggle," he said.

His plan calls for a three percent tax on gross incomes of all business and individuals to support pensions for the aged. A goal of \$150 a month has been set for the pensioners.

They would be required to spend all the money each month, as a business stimulant.

Council Runs Again

DETROIT—(AP)—All nine Detroit city councilmen have announced their intention to run again for election. Mayor Albert E. Cobo also is expected to seek his second two-year term.

Truce Outlook Is Encouraging To Washington

By JOHN M. HIGHTOWER
WASHINGTON—(AP)—American officials were described as mildly encouraged today over Russia's response to the first American request for clarification of Jacob A. Malik's cease-fire suggestion.

But authoritative informants said detailed and perhaps prolonged exploratory talks will be necessary before it can definitely be known whether there is real basis for hope of an early end to the Korean war.

Ready For Armistice

It was understood that on the possibility—however slight—that an arrangement containing adequate guarantees against truce violations can be worked out, government agencies were readying stand-by plans for action in event an armistice is established.

Balanced against this is the impression among diplomats here that any chances of an immediate cease-fire are dimmed by the need for further clarification of the Soviet and Chinese attitudes.

Secretary of State Acheson was questioned about the Korean peace outlook by members of the House foreign affairs committee yesterday. Talking of problems involved in a permanent settlement, Acheson said "the greatest guarantee" against new aggression

Loss Is \$2,500 In Tavern Fire

Fire starting in a laundry chute at 7 o'clock last night caused damage estimated at \$2,500 to Al's tavern, 1318 Ludington street. Spontaneous combustion started the blaze, said Fire Captain Clarence Schrader.

Starting in the basement, the fire swept upward through the two-story building to the attic, causing damage four feet on each side of the chute and extending to the west inside wall on the second floor.

The building is owned by H. E. Flath of Escanaba and is occupied by the tavern on the first floor, the residence of Lee A. Wiles, tavern proprietor, at the rear, and by roomers on the second floor.

There was insurance coverage on the building and its contents. Smoke damage was extensive in the building, but water damage was kept to a minimum, said Capt. Schrader. Only small hose and water from a booster tank were used inside the building.

An employee of the tavern discovered the fire shortly before 7 o'clock last night. Dense smoke filled the building and attracted a large crowd to the scene.

Wiles, whose hobby is photography, returned to the building to remove some pieces of photographic equipment. The fire in following the laundry chute burned through a corner of Wiles' office where the equipment was located.

The fire department battled the blaze for about four hours before it was brought completely under control.

Iran Premier Sends Urgent Message To Truman In Oil Tiff

TEHRAN, Iran—(AP)—Premier Mohammed Mossadeq in a personal letter today to President Truman expressed confidence the United States would support Iran's nationalization program.

The letter contained no hint of a compromise, nor did it make any reference to rumors that Mr. Truman might be asked to assume the role of mediator.

British Blamed

Mossadeq blamed the British for threatening to shut down the flow of Iranian oil to the west.

The letter was made public shortly after Iran sent a formal protest to neighboring Iraq for permitting the British cruiser Mauritius to enter Iraqi river waters near the Iranian oil center of Abadan.

Iran said the presence of the cruiser and British troops in Iraq was a breach of the Iranian-Iraqi Friendship pact under which British troops are in Iraq.

The letter to Mr. Truman said the Anglo-Iranian company must be responsible if the Abadan refinery closes down.

Shutdown Looms

There had been hopes in western quarters that Mossadeq might have shown some willingness to negotiate the dispute.

But his letter seemed to make it clear that Iran will insist to the bitter end on carrying out her nationalization law.

It was plain that government circles were concerned over the threat of mass resignations by the AIOC's 2800 British employees. Should the British managers and technicians pull out, the billion-dollar oil industry here would, in all probability, have to close down.

Squabble In Congress May Cause Collapse Of Economic Controls

WASHINGTON—(AP)—The House banking committee voted 21 to 3 today for a 31-day extension of the present price control act.

The idea is to give Congress more time to consider a new, revised law. Without Congressional action to keep it alive, the present law will expire Saturday midnight.

Influential Senators are fighting any such "stop-gap" move and there appears to be danger the Saturday deadline may arrive without a new law or any action to retain the old one.

In that case, the whole government control program would collapse.

The Senate is driving to pass an entire new measure which would limit sharply the present control powers. But any new law must also have House approval. And a House-approved resolution extending the old law would accomplish nothing unless the Senate agreed to it.

The House banking committee also approved a one-month extension of the federal rent control program and the president's authority to control imports of fats and oils.

The extension would keep them all on the books until midnight July 31.

Senator Maybank (D-SC) declared last night that several Senators "intend to talk and talk and talk" to kill any move in the Senate for a stop-gap extension of the old law.

Lansing Lawmakers Wind Up Session; Override 4 Vetoes

LANSING—(AP)—A bill to increase Michigan's corporation franchise tax \$14,000,000 a year won unanimous passage in the state senate today but bumped into a roadblock in the house.

The house passed the bill once by a 53-56 vote, but then voted 58-39 to reconsider the vote by which it had passed the measure, then took a luncheon recess. This left the bill right where it was before the house acted the first time.

Won't Meet Deficit

The tax increase, a conference committee compromise, is the major business before the legislature today in the windup of its 1951 session.

House Republicans and Democrats joined in complaints that the measure falls far short of meeting the state's deficit of \$33,000,000.

In hopes of possibly winning his appeal for a tax on corporate profits, instead of the franchise increase, Gov. G. Mennen Williams made a last-minute plea in its behalf.

The franchise tax increase, the governor insisted, "is not fair to the corporations," adding:

"It falls equally on those who are earning profits and those who are not. More important, it will not produce sufficient revenue to meet our current needs."

House Vote Uncertain

The senate, in a rebellious mood, overrode the governor's veto of a bill to advance the state's primary elections from September to June. The vote was 25-7. Republicans have more than a two-thirds majority in the Senate.

There was a question, however, as to whether the house would duplicate the feat as the Democratic minority could beat such an attempt by voting as a bloc.

The senate also overrode the governor's vetoes of a bill to allow the state to appropriate funds to help support county tuberculosis institutions, of a measure to provide compensation for silicosis victims, and of a bill to relieve sheriffs from responsibility for actions of their deputies.

Auto Industry Begins Layoffs Of Over 33,000

DETROIT—(AP)—The auto industry, pinched both by materials shortages and credit controls, today began large scale layoffs.

At least 33,000 workers are to be dismissed for indefinite periods, with tens of thousands of others scheduled to follow later in the year.

Some of these shutdowns, however, will be of short duration.

The mounting dismissals brought from the CIO United Auto Workers union a demand for "speeding up" defense work in plants now being hit by materials shortages.

The biggest of the layoff announcements came from Chrysler Corp., which said that it will cut 15,000 workers from its plants by Friday. Another 2,500 will be laid off in July, it said.

Briggs Manufacturing Co. said that it is laying off 6,800 workers in Detroit area plants and 1,200 at Evansville, Ind.

Ford Motor Co. earlier announced that it would lay off 10,000 men between July and October and would operate some assembly plants on a four-day basis.

General Motors, which has cut 15,000 from its payrolls already this year, has announced that it will close all car manufacturing and assembly plants in Michigan from July 28 to Aug. 6. Similar shutdowns are planned in other parts and assembly plants throughout the country, but no dates have been announced.

Russians Want Talk Limited To Military Issues

Attitude Of Chinese Regime Unknown

WASHINGTON—(AP)—The state department announced today that Russia has proposed the United Nations, North Korean and Red Chinese commanders negotiate a Korean armistice.

The Soviet Union suggested armistice terms limited "to strictly military questions."

Kirk Sees Gromyko

The proposal was made yesterday to Ambassador Alan G. Kirk by Soviet Deputy Foreign Minister Gromyko in Moscow.

Gromyko, the department said, "indicated that it would be for the military representatives of the unified command and of the Korean republic command on the one hand and the military representatives of the North Korean command and of the 'Chinese Volunteer Units' on the other to negotiate the armistice envisaged in Mr. Malik's statement."

Jacob Malik, Soviet delegate to the United Nations, put forward the original cease-fire suggestion in a speech Saturday.

Kirk, on instructions from Secretary of State Acheson, called on Gromyko to seek a clarification of Malik's speech.

Diplomats Study Situation

The state department announced today:

"The armistice, Mr. Gromyko pointed out, would include a cease fire and would be limited to strictly military questions without involving any political or territorial matters; the military representatives would discuss questions of assurance against the resumption of hostilities."

Kansas Getting Fill Of Storms

WAKEENEY, Kas.—(AP)—Gloomy Kansans, plagued by tornado winds, floods and hail, are asking: "What next?"

More than a month of rains and periodic winds has cost the state millions of dollars. At least 14 persons have died in storms and floods waters.

The latest weather wallop came yesterday. A tornado whipped through this western Kansas town of 2,000, destroying 45 homes and damaging 48.

Three persons were killed and more than 40 injured.

Other towns and cities throughout the state have suffered extensive wind damage this month. Rain has flooded thousands of acres of farmland with loss estimated at \$22,000,000. Ramping rivers have washed out bridges, and high waters have slowed highways and rail travel.

Hays, 25 miles southeast of here, braced for another flood today. The Big Creek sent flood waters into the city of 9,000 twice previously this year. Six persons died there in a flash flood last month when waters swept over 40 to 50 city blocks.

Lake Charles, La. Citizens Spy On Gambling Spots

LAKE CHARLES, La. — (AP)—A small army of citizens who concealed their identity roamed speakies and night spots for five months and collected evidence for 100 specific charges of gambling.

This underground army, commanded by a citizens crime commission, laid the charges on the district attorney's desk yesterday. The evidence was gathered despite "threats, both physical and financial," said Attorney James Dewey O'Brien, temporary chairman of a secret five-member commission that directed the operations.

"No one person ever knew the names of more than two other persons working in his area," O'Brien said. "That way we had almost no leaks."

More than 200 citizens from all walks of life took part in ferreting out the dice tables and roulette wheels.

The style of the shadowy operation was suggested by managing editor Kenneth L. Dixon of the Lake Charles American press. Dixon was an Associated Press war correspondent in France during World War II. He patterned the operation here after the French underground organization.

Co-architect of the plan was a commission member who had escaped from the Germans through the French underground.

The evidence the group presented was against 30 establishments in this city of 50,000 persons.

Dixon fanned public indignation against Lake Charles gambling with editorials. Threats were made against him and on several occasions he was shot at on lonely roads.

Red Cross Fund Plan Unchanged

Detroit Told To Get Out Of Torch Drive

NEW YORK — (AP)—Detroit's Red Cross chapter lost its fight to have the national body approve participation in joint fund raising drives.

The 6,000 delegates to the 26th annual American Red Cross convention here yesterday approved a resolution reaffirming the agency's traditional policy of conducting its own money raising campaigns.

The Detroit chapter, which has participated to a limited degree in Detroit's "one for all" Torch drive, was ordered to "cease and desist" from the practice. It once was threatened with expulsion for such cooperation.

A similar order was issued to the Philadelphia and Bristol (Tenn.-Va.) chapters, which also took part in joint fund drives.

Detroit chapter members had sought to have the national body approve a limited participation plan such as that in effect with the Torch drive.

Under it, the Torch drive, which canvasses both industrial and individual givers, assigns a share of the total to the Red Cross. The Detroit chapter later is permitted to go out and seek individual contributions to fulfill its own national quota.

This year, all but \$408,000 of the chapter's quota of \$1,665,000 was raised through the Torch drive.

She's perfect as the hamburger-singing Mother of the Groom, who comes from the other side of the tracks, to teach her society daughter-in-law (Gene Tierney) some mating calls that really work on the groom (John Lund).

Among all the other wonderful things in this picture, you'll remember THELMA RITTER, one of the funniest, freshest movie personalities in years!

"CAPS FOR COINS" — SATURDAY

Gypsy Caravan Of 200 Hustled Through Delta

Without colorful costumes and traveling in prosaic autos and trailers, a caravan of 200 Gypsies today were given no opportunity for fiddling around camp fires and dancing to romantic tunes of old Romany.

They came from no one knew where and reportedly were on their way to a big convention to elect a king, in the true Gypsy tradition.

Sheriff William E. Miron, more concerned with keeping the caravan moving out of the county than indulging in conversation with the travelers, said he understood they

Aphis Control Spray Planned

City Shade Trees To Receive Treatment

To control rapidly multiplying aphis on city street trees, spraying with a nicotine sulphate solution will take place in early July with favorable weather conditions, it was announced today by Robert Clayton, superintendent of Escanaba parks and forestry.

Aphids suck the plant juices from the tree and excrete a sticky substance called "honey dew." Drops of this sticky substance, falling from the trees upon parked cars, has resulted in a number of inquiries to the forestry department.

The nicotine sulphate spray to be used will kill only soft-bodied insects like aphis in which it comes into contact. Unlike DDT it does not harm bees or other insect life.

While aphis does not kill a well-established tree it does retard tree growth and unless the insects are controlled they may spread widely. The insects multiply rapidly unless checked by spraying or sudden weather changes.

The maples, most desirable of street shade trees, are the most badly infested with the insects in Escanaba, Clayton reported.

would be withdrawal of Chinese Communist troops north of the Yalu river, boundary between Korea and Manchuria.

Buffer Zone Foreseen
To accomplish that might involve a gradual withdrawal of all foreign troops, he said, after the forces of South Korea had been strengthened so they could meet any new threat.

What Acheson was discussing there was obviously a matter for a presently uncertain future. The immediate problem is the possibility of disengaging the forces battling in Korea and aligning them opposite each other in the vicinity of the 38th parallel, presumably separated by a buffer zone.

Straits Ferries Run Wild Over Holiday; Four Vessels In Use

LANSING—(AP)—Ferries at the Straits of Mackinac are expected to "run wild" over the Fourth of July holiday.

If the traffic warrants, the boats will make their own schedules, loading and unloading as fast as possible to keep shuttling between St. Ignace and Mackinaw City.

This will put the boats on an approximate 35 minute schedule. Four vessels, the Munising, Chetwynd, Pottery and Straits of Mackinac, will be in use.

Straits ferries will go on an hourly schedule starting Friday and continuing through Labor Day. Tentative plans call for an hourly 24-hour schedule over the fourth unless the expected rush calls for free wheeling by the vessels.

Michigan Soldiers And Windsor Girl Die In Auto Crash

WINDSOR, Ont. — (AP) — Two Michigan soldiers home on a furlough and a Windsor girl were killed today in a three-way high-way crash.

A third Michigan soldier was critically hurt in the accident on highway 2, 18 miles east of here.

Those killed as their 1951 Buick slammed into the rear of a truck and then careened into the path of an oncoming car were:

Everett H. Dubois, 22, Dearborn; Arthur Paul Pfaff, 25, of Trenton, and Miss Glenna Hewson, 18, of Windsor.

John Weldron, 22, of Detroit, was critically injured. He and Miss Hewson, riding in the rear seat, were thrown from the car.

The soldiers, on leave from Fort Bragg, N. C., had been visiting at the home of a brother-in-law of Miss Hewson.

Great Star Of Stage David Warfield Dies

NEW YORK—(AP)—David Warfield, one of the great names in the American theater, died last night at the age of 84.

Warfield zoomed from burlesque to stardom at the turn of the century and retired from the stage 27 years ago at the peak of his success.

His fame has never died in the theatrical circles. Old-timers still recall how he started his career as a \$4-a-week usher in a San Francisco music hall.

It was back in 1900 that Producer David Belasco "discovered" Warfield doing a comedy routine with the Weber and Fields Burlesque company. For the next 24 years, Warfield's name glittered in marquees along Broadway.

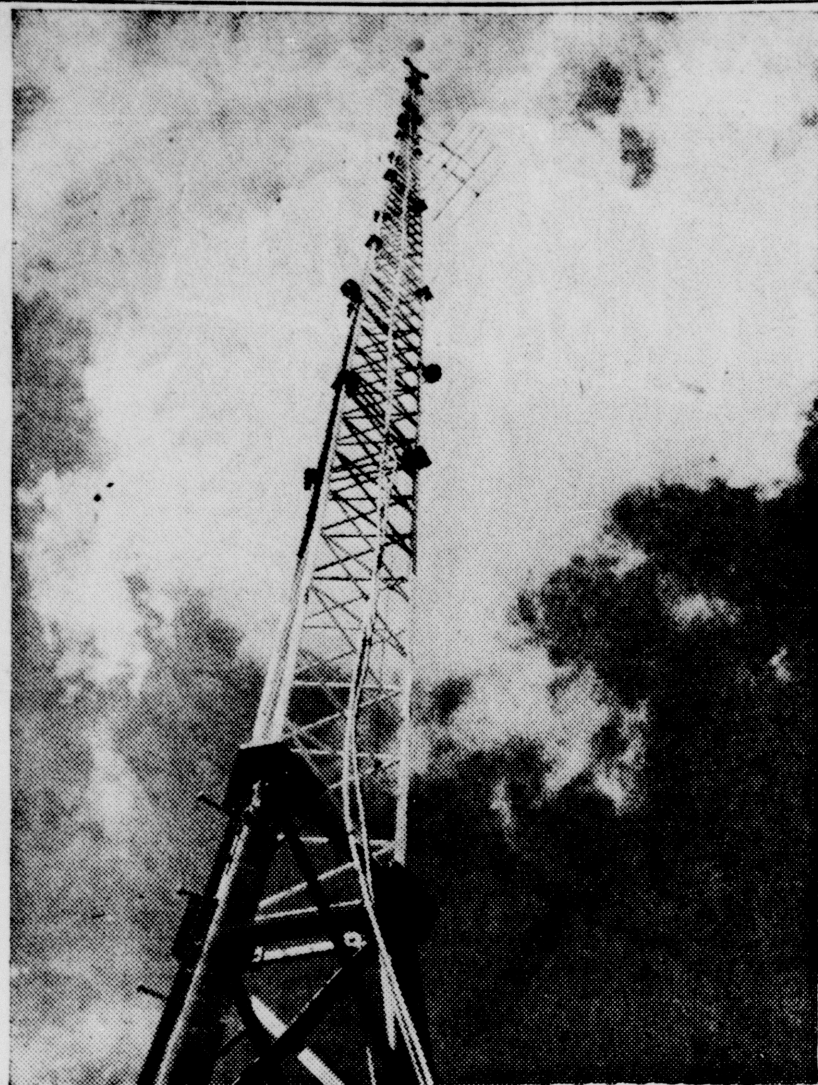

In politics we call our machine "an organization," and we call the other fellow's organization a "machine."—James A. Farley, former Democratic National Chairman.

The towering shaft is a conservation department FM-equipped radio antenna built to cover "blind spots" in the communication link between lookouts posts, district headquarters, and with law enforcement and forest fire mobile units. Before, in blind spot areas, forest firemen were dependent on a radio relay system. Other radio towers are slated for the Caro, Detroit and Petoskey areas and at an undetermined spot in southwestern Michigan. A total of 21 radio towers now help link up 140 lookout towers throughout Michigan.

Senate Told To Put Another 3 Billion On Tax Boost Bill

WASHINGTON — (AP) — The Truman administration today asked the Senate to add about \$3,000,000,000 more to the House-approved boost in individual income and excise (sales) taxes.

Secretary of the Treasury Snyder told the Senate Finance Committee the \$7,200,000,000 tax

hike voted by the House is insufficient, because it threatens to put the government in the red and add to inflationary pressures.

Incomes Hit Harder
Congress, he insisted, should provide at least the roughly \$10,000,000,000 in extra taxes asked by President Truman originally—and should aim chiefly at individual income and excise taxes for the \$3,000,000,000 addition to the House tax bill.

The House measure would raise individual income taxes by 12½ per cent to provide an extra \$2,847,000,000 in yearly revenues. Excise taxes on gasoline, tobacco and many other items would be boosted by varying amounts to bring in \$1,252,000,000 more annually.

Snyder was the leadoff witness as the Senate committee opened hearings on higher taxes, using the House bill as the cornerstone of its deliberations.

\$1 on Each \$100
Snyder repeated a demand for a tougher capital gains tax—the levy on profit from property sales—and a tightening of "loopholes" in the tax system, partly by reducing tax-reducing privileges of the oil and coal industries and by stiffening rules on taxing family partnership set-ups.

Snyder noted that the house bill would yield only \$2,847,000,000 in extra revenue from individual income taxes against the \$3,800,000,000 asked by the administration.

To make up that difference, he proposed a one percentage point increase in the tax rates in addition to the House-approved boost.

An extra percentage point in the rates would mean an additional tax of \$1 on each \$100 of the taxpayer's income after deductions for church, charity and so on and exemptions for dependents.

If the Anglo-Iranian Oil Company doesn't hand over its installations to Iran, the burden of responsibility for disturbing world peace will rest with them. This will mean the beginning of the third World War.—Hossein Makki, secretary, Iran parliamentary oil committee.

Naval Chief Under Fire Off Wonsan
TOKYO—(AP)—Chief of naval operations Adm. Forrest P. Sherman was under enemy fire early today in Wonsan harbor, naval headquarters here announced.

Shells from a Communist shore battery kicked up huge geysers of water off the starboard beam and port quarter of the USS New Jersey, 45,000 ton dreadnaught and seventh fleet flagship, but scored no hits. There were no injuries.

Sherman boarded the New Jersey yesterday to tour combat waters. He watched the battleship's gun crews smother the Communist batteries. The gunners then shelled enemy troop positions in Wonsan, which has been under continual naval siege for 133 days.

armistice the Soviet government had no specific steps in mind looking toward the peaceful settlement to which Mr. Malik referred. Mr. Gromyko indicated, however, that it would be up to the parties in Korea to decide what subsequent special arrangements would have to be made for a political and territorial settlement.

"He said that the Soviet government was not aware of the views of the Chinese Communist regime in Mr. Malik's statement."

"The implications of Mr. Gromyko's observations are being studied. The department of state is consulting with the representatives of other countries having armed forces in Korea under the unified command."

At the time of the department's announcement, Assistant Secretary of State John D. Hickerson was engaged in a series of conferences with diplomats representing many of the countries fighting in Korea.

Telephone Workers Receive Pay Raise

WASHINGTON — (AP) — Some 20,000 long distance telephone operators and servicemen are going to get a ten per cent wage boost, the CIO communications workers union announced yesterday.

The one-year agreement, covering American telephone and telegraph company employees in 42 states and the District of Columbia was signed in New York, the union said.

A union spokesman added that about 1.6 per cent of the increase is subject to approval by the Wage Stabilization Board.

The union said it grants basic wage increases ranging from \$3 a week at starting rates in smaller towns to \$9 a week in large cities. Employees in 19 towns were reclassified upwards by an additional \$1 to \$3 a week.

British Quakers Try To Get Into Kremlin With Peace Dickers

LONDON—(AP)—A group of British Quakers decided today to go to Moscow to talk peace. But they weren't sure they could get inside the Kremlin walls.

Gerald Bailey, secretary of the East-West relations committee of the Society of Friends in Britain, told newsmen:

"Our concern is simply and solely to promote peace and to do whatever we can, however little, to help stave off x x x a third world war."

Bailey said the delegation hoped to discuss peace issues with representatives of the Soviet government.

"How high up in government we shall get, we don't know," he said. "We shall do our best to get as high as we can."

Bonus Rookie Is Catching On Now

SAN JOSE, Calif. — (AP) — The Boston Red Sox \$75,000 bonus baby, boomed in his first pro game, sparked in his second last night.

Dick Pedrotti, former Pasadena (Calif.) City College third base star, was shifted to second base because the San Jose Red Sox of the California State league had too many keynoters.

Tuesday night, in his unfamiliar position, he made one error and went hitless. He drew mild boos when he failed to hold a throw for an intended force play.

But last night he made a sensational catch in short right, started a double play, and got a single in three times. He handled five putouts and five assists—10 chances—flawlessly.

Pedrotti was farmed to San Jose because, as a member of the California National Guard, he can't leave the state.

If you don't like what I do, go complain to the president and Congress. If they are going to kick me out, that's all right with me. I don't like the job. Here is one bureaucrat who would like to get fired.—Eric A. Johnston, economic stabilizer.

Youngster Has Tennis Chance

17-Year-Old Might Win At Wimbledon

WIMBLEDON, England — (AP) Hamilton Richardson, a husky, taffy-blond youngster with a soft Louisiana drawl, has a chance of making Wimbledon tennis history by becoming the youngest player ever to win the men's championship.

Richardson, the United States junior champion, is a 17-year-old Baton Rouge youngster with the weapons to make the grade—a steaming service, a flat forehand and a silken-smooth backhand.

And his smoothly executed 4-6, 6-3, 4-6, 10-8, 6-4 triumph over defending champion Budge Patty of Los Angeles yesterday indicated he well might have reached his tennis majority. By dumping the amazed Patty, Hamilton carved a clear path past other seeded players until the quarter-finals Monday.

Larsen Plays Today
There is one all-American third-round match on tap today that pits U. S. champion Art Larsen of San Leandro, Calif., against Gene Garrett of Los Angeles, an American student in Paris.

Third-seeded Larsen polished off Geoff Paish of England, 6-3, 6-1, 12-10, while Garrett elim-

inated Josip Palada of Yugoslavia, 6-2, 6-3, 6-2, in the sec-

Dick Savitt of Orange, N. J., the Australian champion, may have to have his top strokes ready when he goes up against Kurt Nielsen, a top-ranking Danish player. Dick only had a warm-up yesterday in dropping E. J. David of England, 6-1, 6-1, 6-1.

Herbie Flam of Beverly Hills, Calif., who lost to Larsen in the American final last year, had no trouble defeating Czeslaw Spychala, self-exiled Pole, 6-0, 6-1, 6-2, while big Gardnar Mulloy of Miami, Fla., halted John Horn of England, 6-4, 6-0, 6-4.

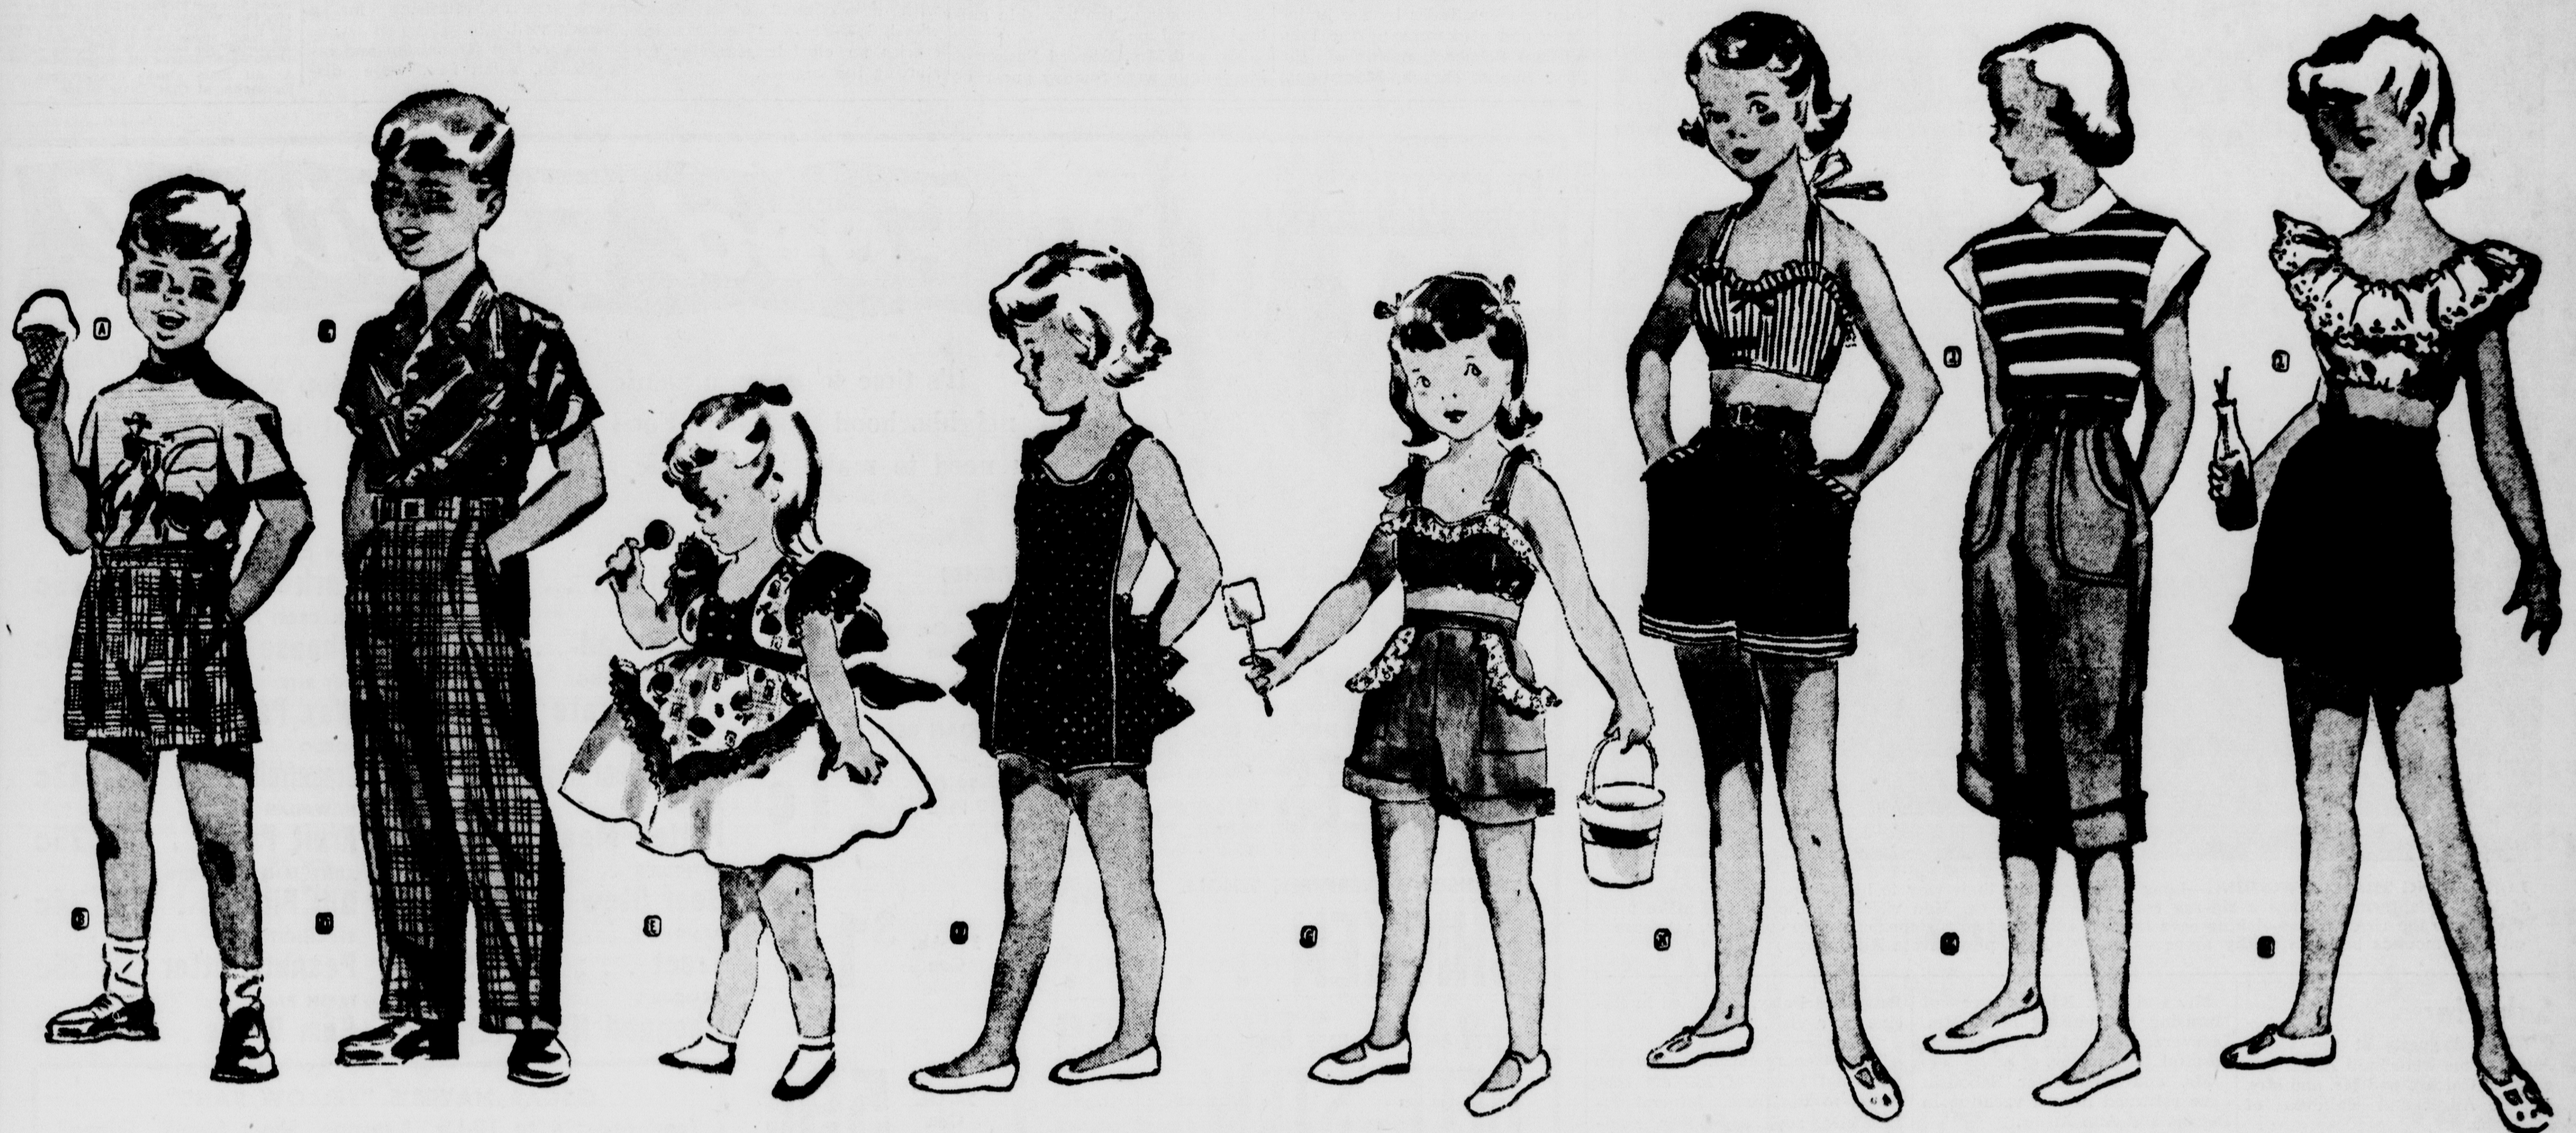

Women's Play
In the women's division, only Betty Rosenquest of South Orange, N. J., went down to defeat. She was conquered by Shirley Fry of Akron, O., 6-3, 7-5.

U. S. champion Mrs. Margaret Osborne Osborne DuPont and defending Wimbledon titleholder Louise Brough of Beverly Hills, also triumphed easily

Water Carnival July 4th Feature At Grand Marais

GRAND MARAIS—The feature attraction of the July fourth celebration in Grand Marais this year will be the community's annual "Water Carnival" at 9:30 p. m.

The program of the day will begin with the parade at 9:30 and will close with a dance at the V. F. W. cottage following the "Water Carnival." A full day of entertainment has been planned by the local Chamber of Commerce and will include races of all kinds, following the parade hour, a ball game, party games, boat races, water carnival and fire works.

Approximately twenty-five boats, including both sport trolling cruisers and commercial fish tugs will take part in the parade of boats about the harbor that comprises the hub of the famed "Water Carnival." The boats will be decorated with various types and displays of colored lights and Japanese lanterns; roman candles, etc., will be shot off the sides of the boats as they pass in revue.

The fireworks will be displayed at this time from the north side of the bay with the rockets being shot forth to cascade down over the bay waters, lighting the boats in parade and forming a double display in the air.

Music at the "Water Carnival" will be provided by the town band.

Hundreds of cars are expected to line the banks of the bay which form a natural amphitheater for the Water Carnival.

Put Into Shape

Horseshoe courts at the playground have been fixed up for the summer's play. New backstops have been installed and pits refilled with clay.

Tournaments will be held later in the summer, Miss Beverly Burt announces.

An adult division of the sport will be arranged if sufficient interest is shown the recreation director stated. Persons interested may phone 9-5261 and leave their names.

Nifty Field Will Try For Running's Title As Logrolling Champ

When the 1951 World's Championship Roleo is held in Gladstone on July 3 and 4 as a highlight of the convention program for the Outdoor Writers association of America, a formidable field of log rollers will attempt to wrest the title from Jimmy Running of Eau Claire, Wis.

His challengers are coming from Washington, California, Canada and the Middle West and each entry has an enviable birling record. The Far West which produced the Herron Brothers, Eddie and Jimmie, is to be represented by Elmer Swanson, of the famed Swanson Brothers, and Bill Moore both of Quilcene. Elmer is well known to Gladstone fans while Moore is making his first trip to this city.

Bobby Bizeau, Gladstone youth, a former junior division champ, is obtaining a furlough from his post at Camp Beale in California where he is with an aviation engineer battalion, and is heading for Gladstone to seek the title. Jim Herron declared that Bobby gave him one of the toughest matches he ever had and predicted great things would be heard from him in the birling world.

Lowell Girard, who was runner-up to Running in the 1949 roleo, will be out to redeem himself and his brother, Adolph, a trick and fancy artist and no slouch at straight birling, is also entered. Both are from Gladstone and sons of Billy Girard, former world champion.

Mark Olson, Escanaba, formerly of Marquette, and a former junior champ, is also entered. From Eau Claire, a city which has produced five birling champions, there will be Ray Heideman, Milwaukee coach, who upset Eddie Herron in the 1949 meet, and Edward Ludwikowski, in addition, to Running. Both twin with the champion and are nifty performers.

Head official will be Jimmy Murray of River Falls, Wis. Murray has long been connected with the sport. Also coming is George Springer, Minneapolis, chairman of the board of directors of the National Roleo association.

Those attending were, Nancy Snowaert, Judy Schmitt, Judy Louis, Linda Zimmer, Judy Potvin, Emmy Lou Nelson, Betty and Tommy Nelson, Jerry and Ricky Ebbesen, Bobby Snowaert and Judy's little sister, Janet Sue.

Mrs. Donald Chase assisted Mrs. Nelson with the party.

Gordon's Party
Gordon Couillard, son of Mr. and Mrs. Albert Couillard, 508 Superior avenue celebrated his birthday last Friday with a party. The table decorations were in yellow and the centerpiece consisted of balloons. His birthday cake was also iced in yellow. He was presented with many nice gifts.

Those attending were, Carol Ann Jacobson, Darla and Gary Rasmussen, Micky Kurth, Johnny Listel, Tony Goodreau, Sandra and Billy Bruner, and Gordon's brothers, Donald and Dale. Mothers attending were, Mrs. June Bruner, Mrs. Henry Couillard, Mrs. Merton Rasmussen and Mrs. Listel of Groos.

Party arrangements were made by Mrs. Couillard and Geraldine Desotche.

Rebekahs
Mrs. Chas. Goguen was hostess to the members of the Rebekah Lodge on Monday evening at her home, 1402 Michigan avenue. Smear and five hundred was played with honors in smear going to Mrs. J. V. Erickson and in five hundred to Mrs. Adeline Fisher. Mrs. Tom Hite received the special award.

A delicious lunch was served at the close of the evening.

Mrs. Adeline Fisher was the assisting hostess.

Honored
Mrs. Edward Olson, Jr., was the honored guest at a party on Tuesday evening at the Maurice Anderson home. Bridge and canasta formed the evening's diversion.

A delicious lunch was served at the close of play and the honored guest was presented with a farewell gift.

Mrs. Olson and family are leaving soon for Minneapolis to make their home.

Hostesses were the Mmes. Maurice Anderson, Lloyd Ketchum and Alfred Mart.

Crash Injures Four Yesterday

Freight Trailer, Car And Truck Involved

Four persons were injured, none seriously, in an accident at 5:30 a. m. yesterday involving a Clairmont Transfer company tractor and semi-trailer, a stake body truck, and a passenger car. The crash occurred on US-2 about three miles southwest of Blaney Park.

Three passengers in the car, including the driver, received minor injuries and were released following treatment at the Scholcraft Memorial hospital. They were Frank E. Merck, 21, driver, head bump and abrasions; Ida Merck, 20, sprained ankle, and Regina Merck, 55, sprained ankle. A fourth passenger, Jacob Merck, 55, was unhurt. All are from Karlsruhe, N. D.

Olivia Balli, 59, of Laville, Texas, one of several passengers on the stake body truck, suffered a neck injury but was not treated locally. She told state police she would seek medical attention at Hart, Mich., destination of the truck passengers.

The accident occurred when the Clairmont machine, driven by Joseph E. Blanchette, 28, of Wells, attempted to pass the truck. Fog reduced visibility and he failed to see the approaching North Dakota car until too late to avoid a crash. Left fronts of the car and freight vehicle collided near the pavement edge.

The impact spun the car backwards into a ditch, and the tractor and trailer ran off the road on the same side, overturning on the right side, with the rear end of the trailer projecting nearly halfway across the highway. The freight van also sideswiped the truck it was passing, knocking over one of its stakes.

Driver of the stake body truck was Bernardino Guerrero, 27, of

NEW UTILITY MANAGER —

Laville, Texas. He told state police that his group, all Mexicans, were enroute to Hart to pick cherries. After the crash Guerrero swung his truck to the right roadside and stopped.

The Clairmont machine, fully loaded, was traveling east on US-2 enroute to Sault Ste. Marie. It suffered considerable damage but its load of freight was harmed very little, police reported. The Merck car, traveling west on the highway, was almost a complete wreck. The Texas truck was undamaged except for the broken stake.

The Mercks left last night by train for Karlsruhe. The overturned tractor and semi-trailer was righted yesterday noon by Clairmont service equipment from Escanaba.

Sale Of Utility Here Completed

Edison Sault Firm Takes Over

Purchase of the Manistique Light and Power company by the Edison Sault Electric company, negotiations for which were previously announced, was completed yesterday in the office of the Mead Corporation, Manistique division, it is announced.

Representatives of Edison Sault, Mead and the local utility were present to execute the agreement transferring the local utility to the Sault company. Operation of the property will henceforth be carried on under the name of the Edison Sault Electric company.

George W. Baldwin, president of Edison Sault, stated yesterday that there would be no change in personnel of the predecessor company other than the promotion of Fred Williams, former superintendent of the Manistique Light and Power company, to the position of manager of Edison Sault's newly acquired Manistique property.

Launch Plans For New Church

Pledge Campaign \$100,000 Set

A pledge campaign of \$100,000 for the construction of a new St. Francis de Sales church is being launched immediately, it is announced by Rev. F. M. Scheringer, pastor.

With the approval of the Most Rev. Thomas L. Noa, D. D., bishop of Marquette, the committeemen of the parish and the pastor have drafted plans for the campaign.

Pledge cards and a letter explaining the campaign have been mailed to all members of the St. Francis congregation. The pledge cards are to be returned to the church as soon as possible.

It has been decided to construct the new church on the site of the old. An architect will be engaged during the summer and preliminary sketches for the construction program will be drawn.

Raise Boat From River

Fishing Annabel II Lifted Yesterday

The fishtug Annabel II was raised from the bottom of Manistique river yesterday afternoon after being almost submerged since late March.

Salvage equipment of the Roen Salvage company, of Sturgeon Bay, Wis., lifted the fish boat, raising it to deck level by derrick and then pumping it out. Monday night the Roen firm raised a sunken hydraulic dredge at Port Inland.

Salvage operations started yesterday forenoon and were completed about 5 p. m.

The Annabel II, reported to have been purchased by the Roen company, was to be towed to Sturgeon Bay, leaving Manistique harbor today.

The late John Girvin, sr., then owner of the Coffey Fishing company, personally supervised the craft construction. The boat measured 64 feet and 10 inches in length. The tug sank while moored at the river dock last March, settling on the bottom, with only a small portion of her top protruding from the water.

Local Guardsmen Picked As Part Of Aggressive Force

The Manistique National Guard company is the only unit of the Upper Peninsula combat engineer battalion to be selected to participate with an aggressive force during military maneuvers at Camp Grayling in August, it is announced.

The Manistique Guardsmen will provide engineering service for two other selected units in the aggressive force. Other units of the Michigan division will seek to repel the simulated attack and, by counter-attack, disperse it. Local combat engineers will set up road blocks, lay mines, and carry out other tactics designed to impede retaliation by the defenders.

The Camp Grayling maneuvers, to be held during the second week of the encampment, will reproduce on a large scale the simulated military maneuvers carried out by the Manistique company several weeks ago on the West Branch of the Manistique River.

Michigan Guardsmen will be at Camp Grayling August 11 to 25, inclusive. During July, Indiana and Illinois National Guard divisions will train at the camp.

In This Corner

With Ray Crandall

We received an anonymous note from Manistique yesterday asking if we had heard that Mason "Dusty" Rhoads, Manistique's star third baseman, is "back in the groove" again. The unidentified writer went on to say that Mason has been taking a sort of vacation for the past couple of years. Then he added that Mason has been playing an enviable third base, but that his hitting has left something to be desired.

Unsigned communications to this desk usually wind up in the circular file with the rest of the waste paper. But this being the first letter we've received from over "Stique way, we'll give the unknown sender the benefit of the doubt. Anyway, our mail has dwindled to a slow trickle and we're desperate. See how rules are broken?

"Last Sunday," the note continues, "when the Manistique Cardinals faced Cooks, Dusty had four for six, the hits being two triples, a double and a single—not bad, heh! His triple in the top of the 12th proved to be the winning run for the local nine, the score being 9-8. Incidentally, Dusty purchased a new 'Ted Williams' bat. Could that be it?" We trust all the Manistique fans are glad to see Dusty back in batting form.

Our Lower Michigan agent informs us that Henry Wylie, who shares coaching duties of the Escanaba high school track teams with Steve Baltic, will be a principal figure in a book on the history of sports at Michigan State College. George Alderton, Lansing State Journal sports editor and former MSC sports publicity director, plans to write the book in the near future. Alderton has been reporting MSC sports for about 25 years and he knows almost every State athlete of a quarter of a century past.

Alderton plans one of his principal chapters on Wylie, described as the boy who put the "spirit" into Spartan sports. He was a miler years back, and according to Alderton, ran mostly on guts. One of the greatest milers of the day was LeRoy Potter of Michigan Normal. Alderton says the "spirit" was put into Spartan sports the day Wylie whipped Potter in the mile race—by no less than 75 yards. Since then, he says, Michigan State track men have really taken their sports seriously.

Another Upper Peninsula baseball player inked a contract to enter organized ball the past weekend. Dick Zeratsky, 19-year-old Menominee second baseman, caught the eye of Boston Red Sox Scout Maurice DeLoof while the Indians were absorbing a 10-5 thumping from Oconto in a Northern State league game. Zeratsky was signed for training next spring in Florida and assigned to the Marion, Ind., club of the class D Ohio-Indiana league in 1952.

Tigers Measure White Sox 3-2, Trucks Stars

CHICAGO—(AP)—The Chicago White Sox may be the terrors of the American league but they're still just another ball club so far as Virgil O. Trucks is concerned. The Detroit Tiger pitcher, laid up by a sore arm last season, posted one defeat. But one of his victories was over the White Sox. During the 1949 season when the big righthander was going strong with a record of 19 victories and 11 defeats he took the measure of the White Sox four times without a loss.

The White Sox found to their dismay yesterday the strong right arm of the big fellow from Alabama hasn't lost its cunning, as the Tigers beat the league leaders 3 to 2.

Reliefs In Seventh
Trucks relieved starter Ted Gray with none out in the seventh inning. The hard-luck, slender lefthander had allowed the Sox only five hits and a lone run in six innings. But in the seventh inning Gray walked the lead-off hitter, Jim Busby. Then he made a wide throw to second base after fielding Chico Carrasquel's bunt in an attempt to force Busby. Manager Red Rolfe, apparently mindful of Gray's tendency to weaken in the later innings, replaced him with Trucks.

Trucks took over with runners on first and second. For a time it looked as if Rolfe's decision was none too good. Trucks walked the next two pinch hitters Eddie Stewart and Floyd Baker forcing Busby home with a run that tied the score at 2-2.

But the veteran hurler settled down and retired the side without further scoring. Bob Dillinger hit a dribbler to Trucks who rifled to catcher Bob Swift. Swift tagged Carrasquel at the plate and then threw to Dick Kryhoski to get Dillinger at first for a double play. Trucks threw out Nelson Fox for the third out.

Trucks breezed through the eighth and ninth innings.

Kell Starts Rally
George Kell, the Tigers' top hitter, and King Kong Keller, the veteran pinch hitter, also played key roles in the Tiger triumph. Kell's sharp single in the eighth

informed started the winning rally at the expense of relief pitcher Harry Dorish. Kell was sacrificed by Vic Wertz. Pat Mullin scratched a single past Carrasquel, sending Kell to third. Kryhoski fled to center, with Kell scoring the lead run.

Saul Rogovin, who was traded away by the Tigers in May, started for the White Sox. He allowed his former teammates only three hits in six innings. But the Tigers got to him in the seventh to take a 2-1 lead. With none out, Rogovin walked Kryhoski. Hoot Evers sent him to third with a single. Then Keller, batting for Aaron Robinson, singled to right, scoring Kryhoski and sending Evers to third. Gray bunted and when Rogovin threw late to second base, Evers scored with Detroit's second run.

One-Hitter By Kositzke Loses Paper Mill Edges Westby's By 2-1

Louie Kositzke tossed a one-hitter in vain last night as his Westby's Service team was edged 2-1 by Paper Mill in the future American League softball game at Memorial field.

Kositzke's lone lapse came in the fourth inning when Bob LeHouillier bunted safely. An error and two fielders' choices led to the two Paper Mill runs in that inning. Both runners scored with plays at the plate.

Tom Elegeert scattered four hits from the Paper Mill mound. Westby's had three errors to one for the winners. Bill Mulvaney worked behind the Westby plate with Dave Larson catching for Paper Mill.

The No Names clicked as a team to down White Birch 10-3 after spotting the opposition three runs in the second inning.

No Names came back with an 11-hit attack off Ronnie King who toiled the route for White Birch.

Ken Dufresne, working his first full game for No Names, allowed only 4 hits in posting his second win of the season. Angie Hirn caught for the winners, Harry Lancour for the losers.

Johnny Vander Meer Released By Indians

CLEVELAND — (AP)—Johnny Vander Meer, 36, the southpaw pitcher who hurled two consecutive no-hitters for the Cincinnati Reds in 1938, was released by the Cleveland Indians last night.

Rabbit skins are used more extensively by the fur trade than any other kind of fur.

Fred Boddy Named To Hurl Against Detroit All-Stars

Southpaw Fred Boddy was named today by Coach Al Ness to hurl for the Escanaba Cubs against the Detroit American Legion Junior all-stars tomorrow evening at the city diamond.

St. Joseph high school mound ace, Boddy is the No. 1 lefty on the Cub hill staff. In his last action, a two-inning relief stint against Bark River Sunday in the Wabun league, Boddy allowed two hits, fanned four and walked one.

Backing up the young portside will be Dick Cass and Jack Christie, although the latter is expected to pitch against Menominee in a crucial league game Sunday.

Remainder of the Escanaba lineup will see regulars at each position. Jo-Jo Johnston will be catching. Paul Gunderman at first, Ed Lindquist at second, Pete Kutches at short, John Martinac at third, Tom Brien in left field, Paul Baldwin in center and Tippy Larmay in right. In reserve will be Hugh Ray, Bob Sendenburgh, Jim Christiansen and Bill Maycunich.

The Detroit squad opened its Upper Peninsula tour Monday afternoon. The team will play at Escanaba tomorrow night.

Wertz Leads Right Field Candidates

CHICAGO — (AP)—Vic Wertz of the Detroit Tigers has taken the lead in right field balloting over Boston's Billy Goodman for a starting assignment in the all-star baseball game at Detroit July 10.

Wertz has polled 887,326 votes in the latest tabulation to Goodman's 862,104.

The Tigers now have two top places in the poll. George Kell holds first place at third base over Vern Stephens of Boston with 908,452 votes to 883,138.

So far, 3,067,522 lineups have been submitted by the nation's fans. The poll ends at midnight Friday.

DUFEK ALL-STAR

CHICAGO — (AP)—Don Dufek, the raw-boned fullback who led Michigan to the Big Ten football championship last fall, has been named to the collegiate squad which meets the Cleveland Browns in the annual all-star football game Aug. 17.

Murphy Is TKO Winner In Fight

Jake LaMotta Fails To Continue In 8th

NEW YORK—(AP)—Irish Bobby Murphy, the fighting ex-sailor with the golden touch in his leather mitts, was almost in sight of his goal today—a shot at the light heavyweight title—following his smashing seven round technical knockout of Jake LaMotta.

The smiling, red-haired slugger, boxing's latest boxoffice sensation and the pugilistic hit of television, set the stage for a crack at Champion Joey Maxim by battering and slicing the Bronx Bull's swarthy features before 21,257 roaring fans at Yankee stadium last night. The gross gate was \$116,690.

Today Irish Bobby and co-managers Irving Cohen and Travis Hatfield will sit down with Jack Kearns, Maxim's manager, and Jim Norris, president of the International Boxing club, to discuss a date for a Murphy-Maxim title scrap in New York. Kearns wants Murphy because "he's the guy who will pack them in."

Rindone Next

"I'm ready for it," said the elated Murphy. "I've got a return fight with Joey Rindone (Murphy lost on a foul to Rindone April 16) in Boston July 23. After that Maxim. He's the guy I want. I've been dreaming about that title for a long time."

From the fifth on LaMotta, very slow afoot at a bulky 175-pounds, dripped blood from every pore. He was cut over and under both eyes, was cut on the chin and mouth, and there were dark bruises on his cheeks.

Just before the bell rang to end the seventh round, blood gushed from a deep cut over Jake's left eye.

Dr. Vincent A. Nardiello bounded into the ring, gave Jake a quick look, and when the Bull told him "I feel weak," the commission physician waved to Referee Ray Miller to stop the fight.

Ends In Seventh

The announcer called Murphy an eighth round winner but later Eddie Eagan, chairman of the New York Athletic commission, ruled that it had ended in the seventh.

Head to head, toe to toe, it went all the way. And don't think for a minute that Murphy got away unscathed. He bled from the lip and was sliced over the right eye.

The official scorecards had Murphy far in front. Both Miller and Judge Joe Agnello had him winning, 6-1. Judge Charley Shortell had Murphy ahead, 4-2-1. The AP's scorecard agreed with Shortell.

St. Paul Moves Up Association Ladder

(By The Associated Press)

Third-place St. Paul continued its bid for the American association lead Wednesday night by shading Columbus, 2-1. Fourth-place Minneapolis downed Toledo 5-3 to remain 1 1/2 games behind the Saints.

The Romans introduced the bagpipe to the British Isles.

Menominee Maids Top Tim & Sally's

The M & M Maids, defending Upper Peninsula girls softball champions, topped Tim & Sally's last night at Menominee by a 6-2 score.

Nancy Mognioni went the route for the winners, allowing only three hits. Ann Barker was catching.

Maxine Koehler and Carol Pilon shared Tim & Sally's pitching duties with Ruby Stoykovich backstopping.

The Maids scored four runs in the second inning with a wild throw from catcher to second paving the way. The Menominee third baseman clouted a triple to lead to the other two runs for the winners.

Tim & Sally's will travel to Iron Mountain Sunday to meet the VA Rockets, who will have Cleo Ryan on the mound.

FIGHTS LAST NIGHT

New York (Yankee Stadium)—Irish Bob Murphy, 175 1/2, San Diego, Calif., stopped Jake La Motta, 175, New York, 7.
Halifax—Norman Hayes, 157 1/2, Boston, outpointed Roy Wouters, 156 1/2, Vancouver, 10.
Glasgow, Scotland—Peter Keenan, 111 1/2, Scotland, stopped Bobby Boland, 111 1/2, Scotland, 12. (For British bantamweight title).
London—Mel Brown, St. Paul, stopped Bob Murphy, New Zealand, 2. (Middleweights).

Hermansville Host To Bark River Club Today

BARK RIVER—Manager Leo Knauf's Bark River team will make its bid for a first place tie with Escanaba in the Tri-County league standings this evening at Hermansville.

Rained out last week with Hermansville sporting a first-inning 3-0 lead, the teams will start over today. Ray Menard, college chucker, will open on the Bark River mound and will no doubt be opposed by the veteran Mel Sandrin.

Manager Knauf announced that Dale Erickson, Bark River high school graduate this year, will get the pitching nod for Sunday in a home stand against Wilson. Erickson has performed well in his lone mound appearance to date, a relief chore against Stephenson.

St. Joe Tips Kiwanis 1-0

St. Joe Boosters and Kiwanis tangled last night in a classic Little League tussle at Memorial field with the St. Joe boys emerging 1-0 winners.

Gary Paler whiffed 10, allowed four hits and walked none in his distance chore for St. Joe.

Bill Snow scored the lone run of the game in the top of the sixth. He singled, advanced to third on a double by Billy Goodreau and raced home as Duane Marenger fanned, the catcher missing the third strike.

Charlie McCarthy scattered five hits, fanned six and walked one for Kiwanis. Both teams displayed poised fielding and batting in he first Little League night game.

Paper Mill Plays In Prelim Clash

Paper Mill will attempt to strengthen its hold on first place in the American Softball league Saturday night when it plays a rained out contest with White Birch.

The game will go on as a preliminary to the appearance of the Oklahoma Cowboys in a western show and a softball game against the fast Harnischfeger Red Sox.

Paper Mill will use Tom Elegeert or Paul Larson on the mound with Dave Larson catching. Working for White Birch will be Francis Lancour or Ronald King pitching with Harry Lancour catching.

The preliminary will begin at 7 p. m. at Memorial field with the pre-game getting under way at 8:30. The windup feature will start at 9.

Allie Reynolds Hottest Pitcher

BY JOE REICHLER (Associated Press Sports Writer)

The hottest hurler in the majors today is Allie (Wahoo) Reynolds, the part Indian righthander from Bethany, Okla. who toils for the New York Yankees. Last night he racked up his third straight shut-out as the Yanks whipped the Washington Senators, 2-0, on five hits.

The victory plus Detroit's 3-2 win over Chicago enabled the Yankees to climb within one game of the American league leading White Sox. The third place Boston Red Sox also closed in on the leaders with a 6-5 victory over Philadelphia's Athletics and are now three games off the pace.

Dodgers Stretch Lead

Brooklyn's National league leading Dodgers crushed the New York Giants, 10-4, to widen their margin to six games over their interborough rivals. The St. Louis Cardinals walloped the Chicago Cubs, 14-2 and Cincinnati edged out Pittsburgh 2-1.

Cleveland shellacked the St. Louis Browns, 8-1. Boston's Braves and the Philadelphia Phils were rained out.

The 32-year-old Reynolds was in trouble only in the fifth when Gene Verbe slammed a three-bagger with one out. Allie preserved his shutout by getting rival pitcher Don Johnson to fly to short right and Gil Coan to ground out.

Pitching Record

Reynolds, in registering his eighth win against four defeats, hasn't allowed a run in his last 28 innings nor a base on balls in 34 1/2.

Allie is shooting for three new marks—most successive shutout

ALLIE REYNOLDS

games, most successive shutout

innings and most consecutive innings without a base on balls—but he has a long way to go to reach any of them.

G. Harris (Doc) White hurled five straight shutout games for the White Sox back in 1904. Walter Johnson pitched 56 consecutive innings for Washington without allowing a run in 1913. Christy Mathewson did not issue a base on balls through 68 consecutive innings for the Giants in 1913. White owns the American league mark of 65 1/2 innings. He accomplished the feat in 1907.

Scarborough Hit

The Yankees made only seven hits against ex-mates Don Johnson and Tom Ferrick. Phil Rizzuto

to opened the game with a double to right and scored on a single by Gene Woodling. Joe DiMaggio tallied the second Yankee run on a double in the sixth and a single by Johnny Mize.

Triples by Dom DiMaggio and Billy Goodman and singles by Charlie Maxwell and Ted Williams embued for three Red Sox runs in the seventh which enabled them to come from behind and nip the A's, 6-5. Pitcher Ray Scarborough, who started for Boston, was struck in the back of the head by Carl Scheb's pickoff pitch in the third and was removed to a hospital for examination. X-rays were negative but he was advised to remain overnight.

Every Stork Has A Bill — That's Where

Lou Caine Is Colorful Writer And Fisherman

If you pin him down, he will modestly admit having broken three world's records, two of which still are recognized officially by the International Game Fish Association but Lou Caine would much rather spend hours showing a fellow fisherman "how to do it" than boast of his own achievements. And he will give demonstrations of his casting skill at the Escanaba municipal dock Saturday and Sunday afternoons during the OWAA convention.

His background is an action-packed panorama revealing endless hand-to-fin combat with the mighty heavyweights of the salt-water as well as light-tackle engagements with all species of freshwater game fish. His colorful writings published in leading outdoor magazines are based on countless actual experiences from Key West to Hudson Bay.

Wrote Books on Fishing

His most recent book "North American Fresh Water Sport Fish" is widely acclaimed as an encyclopedia of freshwater fish, written from the standpoint of the authority—but in the down-to-earth language of the fisherman.

His earliest book, "Game Fish of the South" is used as an authority by the American Museum of Natural History and the Smithsonian Institution, and his other works smack of the same painstaking care in order to achieve authenticity in every paragraph. He once refused to submit further articles to a leading publishing house which insisted upon using its own version of a popular fish's name instead of the one approved by the world's top ichthyologists.

This adherence to authentic detail has earned Lou Caine the respect of every reading fisherman from the author to the authority. He has been just as thorough in his desire to see in use the proper tackle for each particular fishing task and to this end he is now devoting his time as vice president and director of research at James Heddon's Sons, one of the world's leading manufacturers of fine tackle.

Director of OWAA

Other jobs which he finds time to do, and pleasure in doing, are serving on the board of directors of the Outdoor Writers Association of America, and the same capacity on the Sport Fishing Institute.

But, behind all this imposing wealth of knowledge and experience, Lou Caine is just a down-to-earth, old-clothes fisherman whose favorite sport is squatting in the stern of his weather-beaten fishing boat, flipping plugs into pot holes.

He'll graciously give you the first cast at a likely looking log, and then it's every man for himself and you'll find the going mighty tough. He has a very effective way of discouraging fishermen who try to hog all the "good holes" . . . He'll simply stomp his feet until they stop.
